WORK EXPERIENCE

Product Manager Intern, Quotain, New York City, NY, USA

May 2026 – August 2026

- Built an automated cold email outreach system and multilingual support feature, translating user needs into real products
- Analyzed 5 competitors to identify usability gaps, informing the team's decision on conversational model development
- Ran A/B testing on the cold email system across 300+ users, identifying a 13% lift in replies, which the team implemented following the end of the internship

Research Intern, Global ESG Foundation, Remote, New York City, NY, USA

March 2025 - May 2025

- Led a team of 3 interns in development of systems for data collection and analysis on ESG, CSR, industry standards, text analysis, and greenwashing metrics, shaping foundation's annual sustainability benchmarking across 3 industries
- Queried internal databases using SQL to pull ESG and CSR KPIs, reducing manual reporting time by 5 days
- Designed PowerBI and Tableau dashboards tracking ESG data trends to surface sustainability benchmarks and progress for internal reporting

Sergeant (KATUSA), Republic of Korea Army, Pyeongtaek, South Korea

August 2023 - February 2025

- Served as an infantryman and KATUSA (Korean Augmentation to the United States Army), embedding in United States Army units deployed to the Korean peninsula
- Promoted early to Corporal from Private First Class after achieving top 10% in performance evaluation across battalion
- Led and trained 4-person team, achieving mission readiness and equipping enlisted personnel with best practices and standard operating procedures in 5+ missions and training exercises
- Interpreted for ROK Army and US Army joint operations; Participated in 15+ major training exercises, including joint ROK-US training exercises, Live-Fire and Situational Training Exercises, and Security Assurance Operations

Junior Consultant Intern, House of Analytics, Jakarta, Indonesia

August 2020 - December 2020

- Designed dashboards visualizing relationship manager datapoints to assist team in enhancing efficiency of evaluation system for a local bank in Indonesia
- Developed "Insurance Customer Centricity Market Sensing" analysis alongside project manager by conducting in-depth analysis on insurance industry in Indonesia and Southeast Asia
- Presented analysis to a state insurance company, informing their 2021 digital transformation initiative across internal tools and customer-facing operations

EXTRACURRICULAR EXPERIENCE

Social Media Chair, Philanthropy Chair, Lambda Phi Epsilon, Charlottesville, VA

November 2022 - Present

- Directed new external relations strategy, leading to 36% increase in unique interactions across all social media pages
- Co-led philanthropy campaign, raising over \$1,900 for the National Marrow Donor Program for bone marrow transplant research

Treasurer, Competitive Team Member, Pool and Billiards Club at UVA, Charlottesville, VA

April 2025 - Present

- Created documentation on financial standing and for funding of the club using Microsoft Office Suite
- In charge of over \$3,000 in various pool equipment, ensuring consistent availability for members throughout the school year

Student Consultant, 180 Degrees Consulting University of Virginia, Charlottesville, VA

August 2025 - Present

- Developed a new marketing strategy for an education collaborative in Texas, using R Studio and Excel to analyze gaps and deficiencies in their current approach
- Updated documentation on standard operating procedures to modern standards for an advocacy organization in Virginia
