WORK EXPERIENCE

Teaching Assistant, **University of Virginia McIntire School of Commerce,** Charlottesville, VA ***October 2026 – Present***
- Support 90 students in developing business writing, audience analysis, presentations, and professional communication skills.
- Evaluate written assignments and presentations using course rubrics, providing individualized feedback on clarity, structure, audience alignment, and delivery.

Product Manager and Growth Intern, **Quotain,** New York City, NY, USA ***May 2026 - August 2026***
- Built and A/B tested an automated cold-email outreach system across 300+ users, increasing reply rates by 13% and leading the team to adopt the revised approach.
- Built a multilingual support feature covering 30+ languages by translating international user needs and regional language requirements into product specifications.
- Analyzed 5 competitors to identify usability gaps and inform the team's priorities for conversational model development.

Research Intern, **Global ESG Foundation,** Remote, New York City, NY, USA ***March 2025 - May 2025***
- Led three interns in building a SQL-based ESG and CSR benchmarking workflow covering three industries, reducing manual reporting time by 5 days.
- Used IBM SPSS to compare ESG performance among 30+ companies and identify sustainability trends and benchmarks among industry leaders.
- Designed and presented Power BI dashboards that translated ESG data into benchmarks and progress measures to senior leadership for internal reports.

Sergeant, **Republic of Korea Army,** Pyeongtaek, South Korea ***August 2023 - February 2025***
- Completed 19 months of service as a KATUSA (Korean Augmentation to the United States Army) embedded in U.S. Army infantry in South Korea, supporting coordination between Korean and American personnel.
- Promoted early to Corporal after ranking in the top 10% in battalion-wide performance evaluations.
- Trained and led a 4-person team on best practices and standard operating procedures in 5+ missions and training exercises, maintaining mission readiness for assigned operations.
- Interpreted between ROK Army and U.S. Army personnel during 15+ exercises, supporting coordination during joint live-fire, situational, and security assurance operations.

EXTRACURRICULAR EXPERIENCE

Treasurer, Competitive Team Member, **Pool and Billiards Club at UVA,** Charlottesville, VA ***April 2025 - Present***
- Built a web-based inventory management system that replaced paper records and centralized equipment tracking for 20 competitive team members.
- Prepared financial statements and funding requests, securing over $7,000 for club operations and equipment purchases.
- Managed the procurement and maintenance of more than $3,000 in pool equipment, keeping equipment available throughout the academic year.

Student Consultant, **180 Degrees Consulting at the University of Virginia,** Charlottesville, VA ***August 2025 - Present***
- Analyzed marketing performance across 4 social media channels for a Texas education collaborative using R and Excel, identifying channel and audience gaps and recommending a revised outreach strategy.
- Interviewed staff and mapped workflows for a Virginia advocacy organization, then designed a centralized SOP documentation system for training and emergency-response procedures.
